Re: NOTICE OF CONSTRUCTION CONTRACT AWARD – County Service Area No.7 (CSA No. 7) Water System Distribution Pipeline Improvement Project (Project No. PC021, File No. E5032)

Dear CSA No. 7 Property Owners/Customers,

The County of San Mateo (County) is pleased to announce that the Board of Supervisors has awarded the construction contract for the CSA No. 7 Water System Improvement Project (Project). The Project will include construction of a new water main along with appurtenances. Construction is anticipated to begin July 2026 with work taking approximately six (6) months to complete:

The construction contractor is:

Ghilotti Construction Company, Inc.
246 Ghilotti Avenue
Santa Rosa, CA 95407
(707) 585-1221

This Project represents a significant investment in the CSA No. 7 water system and is an important step toward improving the long-term reliability and resiliency of the community's drinking water infrastructure. Many of the existing water mains have reached the end of their useful service life. Replacing these aging facilities will help reduce water service interruptions, improve system reliability, and better position the water system to serve the community for years to come.

Work will be carefully coordinated to minimize impacts to residents while maintaining safe access whenever possible. Temporary traffic controls, construction equipment, and intermittent short-duration water service interruptions may be necessary as construction progresses. Advance notice will be provided whenever planned water outages are required.

The new water distribution main being constructed as part of this Project will improve water delivery and reliability for all CSA No. 7 customers. While this contract focuses on the main improvements, the County continues to evaluate future replacement of aging distribution lines throughout the community as funding becomes available.

To: CSA No. 7 Property Owners/Customers

The County also recognizes the community's interest in understanding the long-term planning for the CSA No. 7 water system. We are currently planning a community meeting later this year to discuss the overall water system, future infrastructure needs, and answer customers' questions. Additional information regarding the meeting will be provided once the date has been finalized.

Throughout construction, the County will continue to provide Project updates, including anticipated work activities and schedules, so customers remain informed as the project progresses.

We will be posting periodic updates and information during the road construction Project, which will be posted on our website, as follows:

- Web Link: <http://publicworks.smcgov.org/>
- Click on "Projects" near the top of the page.
- Next, click on "Our Projects"
- Next, click on "CSA No. 7 Water System Improvement Project"
- Or use the QR Code on the right to access the "CSA No. 7 Water System Improvement Project" webpage

The Project website allows you to subscribe to receive updates by clicking on, "Subscribe for email updates!". If you choose to subscribe, as updates are posted to the Project website you will be sent an e-mail notifying you that an update has been made.

We appreciate your patience and cooperation during construction. These improvements are an important investment in the future reliability of the CSA No.7 water system, and we look forward to delivering these benefits to the community.

If you have any questions or concerns regarding this Project, please contact Milton Wong, Tiffany Deng, or Neli Avramova, of my staff, at 650-363-4100. They can also be reached via email at:
